HOME BASE TECH — is a groups of specialists in sanitary wares whole sellers.
We are , Operating through a distribution network amounting more than 100 distributing agent .
The Company is satisfying the market requirements due to a well organized marketing survey planning. Our policy is to concentrate on quality as well as variety so by cooperating with some top-designers and suppliers, our range is a collection of the most beautiful and reliable bathroom items and other sanitary wares which can be found in our website (www.homebasetec.com). We are so confident that our prices are the most reasonable with respect to the quality functions .

A Brief History:

HOME BASE TECH. group established in 2005 and our sales Network has been increasingly grown up during the passed few years. All personnel's have been trained on basis of their duties . We are planning to extend our sales network by offering services to some countries in Middle East and some CIS countries. All products have guaranty card and 10 years after-sale services and all installation of the products are made by our trained staffs who have sufficient experience for such programming.

CERTIFICATE OF HONOR

ENVIROMENTAL CERTIFICATION UNION ISO 14001

This international norm is applicable to any organization desire: to implement, maintain and improve an environmental management system; to ensure a correct implementation of the company's environmental policy; to demonstrate compliance with the policy.

CERTIFICATION UNION ISO 9001:2000

this international norm specifies the requirements of a quality control system when a company needs: to prove that manufacture's products fully satisfy the consumer requests and comply with applicable regulations; to increase the consumer satisfaction through an adequate system implementation, including development of the processes aimed at steady product improvements, customer needs and necessary specifications according to the laws.
